Profile

Over 10 years of experience in software development, with specialization in backend architectures (REST, GraphQL, CQRS), frontend development (React, Angular) and AI/ML integration. Full details of projects, technologies and skills in my web portfolio www.stevenvallejo.com

Knowledge

Senior Backend Specialist with 8+ years developing scalable systems in Node.js, TypeScript and Python, robust API design (REST/GraphQL), relational database optimization (MariaDB, PostgreSQL), and implementation of innovative solutions with AI/ML (ChatGPT, TensorFlow). Experience in cloud deployment (Firebase, Google Cloud), agile methodologies (Scrum) and basic level of technical English.
